

Pension comparison tool: compare 2 pension schemes

Why compare your pension scheme?

Pension schemes differ. This pension comparison tool shows you the differences between 2 pension schemes. You see, for instance, what you will and will not receive. You can see what the differences are compared with the PMT pension scheme and what this means for you. You can then opt to arrange something yourself. An understanding of the differences is 1 of the aspects when deciding whether or not to transfer your pension to PMT. You will find details of our financial situation and the funding ratio under www.pmt.nl (Dutch only).

Compare your pension scheme in 5 steps

Use this pension comparison tool step by step. The terms used are explained in layer 1.

Remember: the pension scheme rules take precedence regarding your rights and obligations.

STEP 1: what will you receive and what will you not receive in the pension schemes?

Explanation

This step allows you to compare what you will and will not receive in your current and future pension scheme.

If you will not receive something, you can see that from the cross that is placed on an icon.
